Primary

Intent	Implement	Impact
To provide all students with a form of communication to help them have their needs known. We produce independent young pupils.	By offering a broad and individualised curriculum, we will teach a wide range of knowledge of skills and offer a variety of opportunities to include working in the local community.	Pupils will have a form of communication. Be able to transition successfully. To start to become resilient and self-aware. Have formed good relationships with staff and peers. Have opportunities to explore the local environments.

Secondary

Intent	Implement	Impact
We will produce young people who are confident to be part of their communities an enjoy learning for life.	By offering a broad and individualised curriculum, we will teach a wide range of knowledge and skills. We will offer opportunities for external accreditation including functional English and Maths. This will include local trips and residentials. All of which will teach pupils how to be independent.	Leavers will be independent as possible. Be resilient and self-aware. Be able to form positive relationships. Be valued member of their community. Have opportunities for employment. Opportunities to achieve external accreditations.

Sixth Form

Intent	Implement	Impact
To ensure our young people are prepared for all aspects of life after Crowdys Hill.	By offering a broad and individualised curriculum, with an emphasis on community engagement. We will teach relevant life skills to support our young people achieve their aspirations and goals. We will offer opportunities for external accreditation. We will ensure our young people have the support and guidance they require for their next steps.	Our young people will achieve their potential. They will transition to education or work. The will be confident and familiar with their community and be aware of the support available to them. They will be aware of how to remain safe online, at home or in the community.
