

ASDAN Personal Development Programme

Intent	Implement	Impact
<p>The ASDAN course encourages our students to achieve the skills necessary to be more independent, an active team player and develop their personal resilience.</p> <p>By developing their everyday living skills they will be able to live as independently as possible.</p>	<p>As the course is individualised it allows for a variety of learning styles offering a wide breadth of learning opportunities to include educational trips, presentations, practical activities (cooking, shopping, handling money, independent living skills e.g. washing, ironing etc), independent and collaborative learning, investigations and the use of technology.</p>	<p>Leavers will have developed their everyday living skills to be able to live as independently as possible.</p> <p>They will be confident communicators in a variety of situations, have a wider knowledge on the opportunities there after school allowing them to make informed choices.</p> <p>By developing resilience, independence and team working they will be more prepared for the working world.</p>
