

Careers

Intent	Implement	Impact
<p>To give our students a careers programme that is meaningful to their future.</p> <p>We want students to be inspired and inquisitive about the world of work.</p> <p>We aim to build on student strengths and interests and give them informed learning paths to support their job aspirations.</p>	<p>Students will learn through a range of experiences including organised Career Events, external visitors, work experience, Career interviews, external careers advice, internal interview and job application practise.</p> <p>Travel training will be provided to those students who may become independent travellers.</p> <p>Students will also be confident with the language associated with careers curriculum that is embedded into all subject learning across the all key stages, ‘what skills do you need in your toolkit for this lesson?’ ‘What jobs would these skills be good for?’</p> <p>Student careers ambassadors will raise the profile of careers</p>	<p>We will have students who are confident to speak about their strengths.</p> <p>We will have students who know the process of how to apply for further education and jobs.</p> <p>Our students will continue their education to fulfil their employment aspirations.</p> <p>Our students will secure paid or voluntary work placements.</p> <p>We will have students that will be independently travelling to place of study or work.</p>

	<p>learning and share information with students and to parents via the school newsletter.</p> <p>Students will be informed of the learning and career pathways available to them and will be supported with any application processes.</p>
